6. Canteen facility should be brought immediately in working condition.
7. Labelling the existing campus flora with both common and scientific names could significantly enrich the educational experience and support hands-on botanical learning.
8. It would be beneficial to install sanitary product vending machines in girls' hostels to conveniently support residents' hygiene needs. Additionally, as a women's college. It may be advantageous to consider recruiting more female faculty members.
9. There is a need to appoint a principal for a longer period for better management of the college. Further, the faculty needs to be strengthened in view of ICAR Model Act to meet the objectives of NEP-2020.
